## May 2022 Release Notes

*Three areas of improvement:*

### 1 Employee First & Last Name added to each line on the Change Report

- We've added the Employee First and Last Name to each change listed on the Change Report for improved readability.

### 2 Cloning Onboarding Checklists

- Added the ability to clone Onboarding Checklists, making it easier for employers to create checklists for each role within their organization.

### 3 Cloning Offboarding Checklists

- Added the ability to clone Offboarding Checklists, making it easier for employers to create checklists for each role within their organization.
